## **Focused Health Solutions Sponsors Educational Forum on *Population Health Management***

*Complimentary forum brings together health industry experts for discussion on healthcare trends and the value of effective population health management programs*

**Deerfield, IL, September 23, 2009** – Focused Health Solutions, a leading national provider of customized population health management services, is hosting top healthcare industry experts in Chicago on Thursday, Oct. 15, for a timely discussion on population health management programs and the role they can play in improving health and ensuring a productive workforce.

Focused Health Solutions' Population Health Management Forum will bring together providers, consultants, insurers, employers and other industry experts to discuss future health trends and the implication of these trends for effective population health management programs. The forum is designed to assist key decision-makers with making meaningful and cost effective decisions about health benefits for their employees.

Details of the event are:

When: Thursday, Oct. 15, 2009

Time: 1:00 to 5:00 p.m. (Networking Session will follow)

Where: Four Seasons Hotel-Chicago (120 E. Delaware Pl., Chicago)

“With all of the talk about pending healthcare reform in our country, it is important that we discuss every opportunity for creating an efficient healthcare system, while promoting health and healthy behaviors,” said Charlene Bonvissuto, a registered nurse and President and Chief Executive Officer at Focused Health Solutions. “We believe selecting a population health management solution that actively engages employees and rewards meaningful behavior change, will significantly reduce healthcare costs and improve health.”

The Population Health Management Forum will commence with a keynote presentation by Jeffrey C. Bauer, PhD, who will discuss healthcare trends and the future need for programs like those offered by Focused Health Solutions. Dr. Bauer is an internationally recognized health futurist and medical economist who serves as a Chicago-based management consultant for ACS Healthcare Solutions. He will also serve as the moderator during the Forum's distinguished panel discussion.

At the conclusion of the event, attendees are invited to meet with Forum panelists and network with other industry executives. Seats to the event are limited. For more information, or to register, please visit <http://www.tangerineme.com/fhs>.
