Aggregate ROI (from medical claims reduction and productivity improvement)	Net savings divided by the aggregate period investment	30.8%

About Us

Focused Health Solutions is a leading national provider of customized disease management and wellness services to large, self-insured employers. Founded in 2000, the Deerfield, IL based company has a senior management team with over 100 years of collective experience in the healthcare industry and boasts a blue chip customer base. FHS combines innovative data analysis tools, disease-specific clinical pathways, proprietary telehealth technology, Health Risk Assessment surveys, health coaches and deep clinical expertise to reduce client healthcare costs for employees, dependents, and pre-Medicare retirees. The FHS disease and wellness management model integrates sophisticated and proprietary systems with care management algorithms and experienced personnel organized to produce quantifiable health and economic benefits for its program participants and employer clients. Focused Health Solutions is a member of DMAA, NCQA and MWA. For more information, visit www.focusedhealthsolutions.com.
